

Puppies!

make

This week we did all sorts of arts and crafts all around the idea of puppies! We did paper mache, collage, weaving, book making and printing so really covered some ground. It got silly and goofy at times and made a TON of great work!

The Art of Writing **make**

This week the world opened up through words and books! We got visits from some fantastic authors; Genevieve Graham, Cooper Lee Bombardier, Alice Burdick, Briana Corr Scott, Sylvia Gunnery. We got to go for some expeditions around the city and did some fun lunch time activities.

Colour Your Art

make

This week we explored colour through so many different media! There was embroidery, sculpture, crystal making, natural dying, learning about colour wheels and more! The class was bursting with bright beautiful colours!

Dreamscapes

make

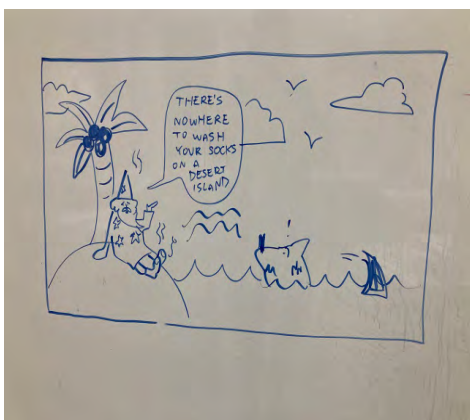

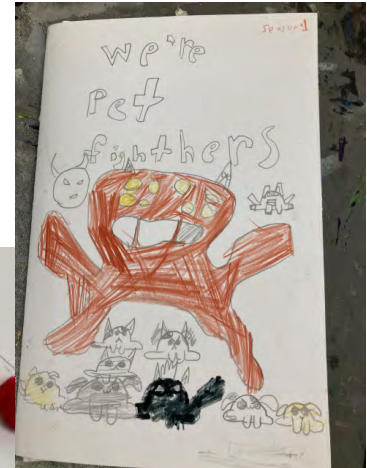

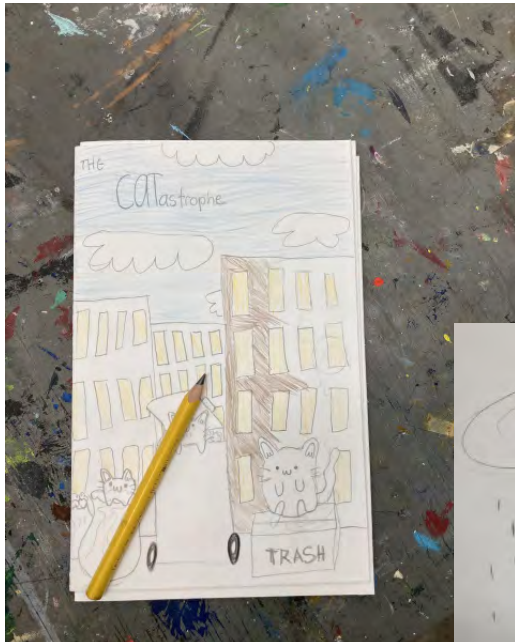

This week we explored the work of Dali, Miro and many others! We used our imagination to create magical animal mashups and metamorphic drawings all centred around the idea of dreams and dream like fantasies!

Comics for Kids! **make**

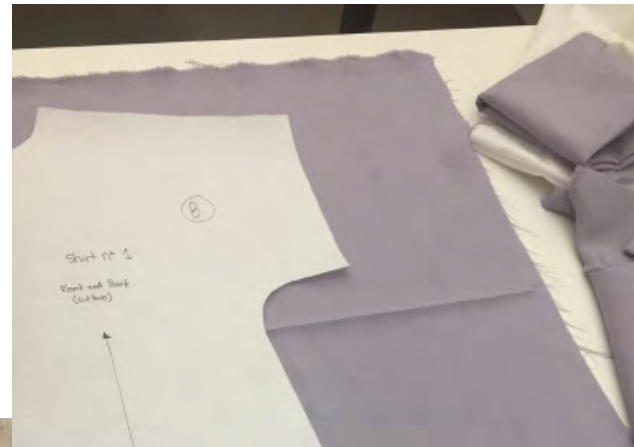

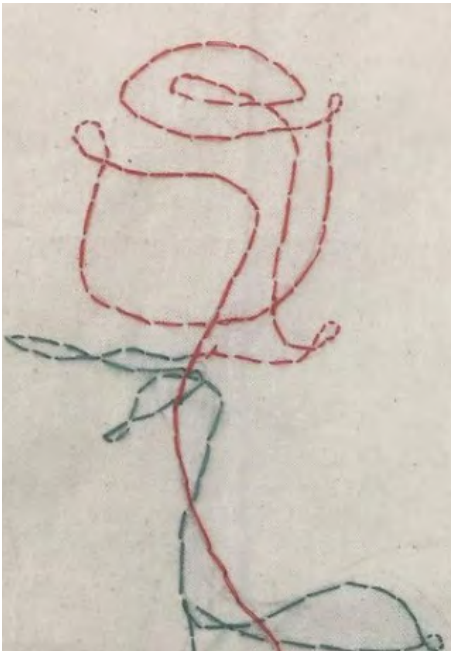

This week the campers did a ton of different projects. Mollie had them making books and comics then imaging those in the 3D realm with dioramas. There was a lot of colour, fun, and silliness.

BoxTown in Space!

This week BoxTown launched into space! The world they created was full of restaurants, spaceship, and moon rock stores. Together they built a little world to play in all week amongst the stars!

Sewing 101

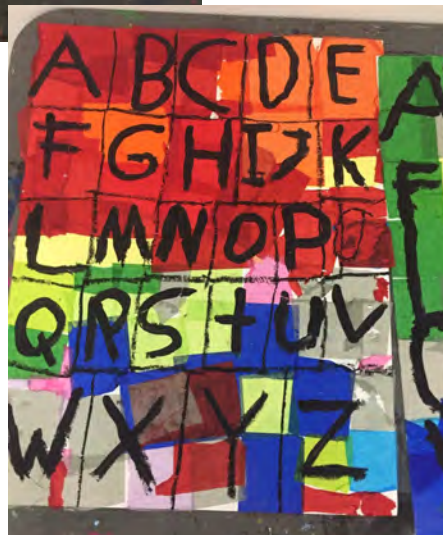

The campers this week were incredible! They picked up the sewing machine and hand sewing skills with a ton of ease and work the most diligent group of workers we've ever had. They created totes masks, shirts, masks and did tons of beading all in the span of a couple days. Truly lovely to work with this group.

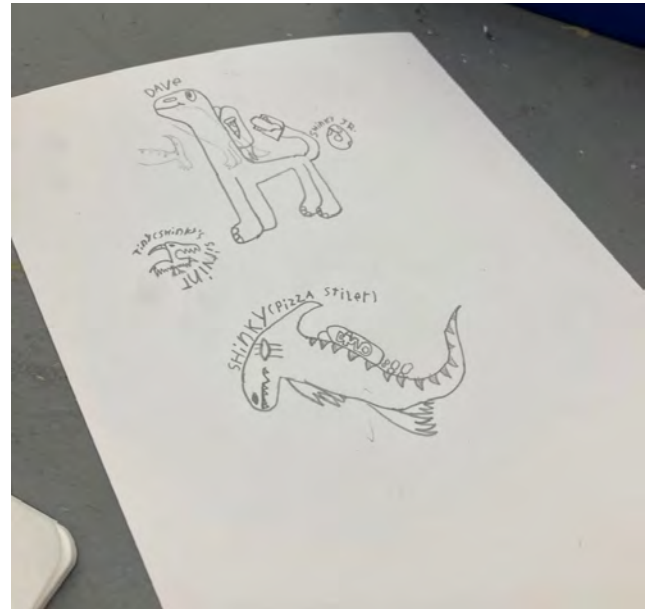

Alphabet Soup

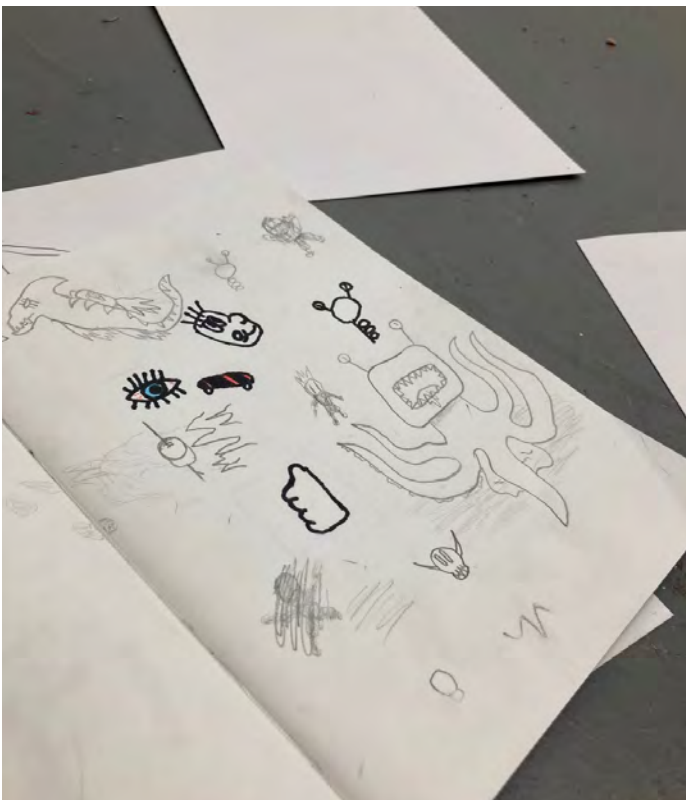

This week they learnt the province song, made so much letter related art and played lots of games.

Comics (8-10)

Miss Allie taught everyone so much about comics making. She had them learning about character development, what goes into telling a story, how to do a layout/storyboard and how to draw characters in motion. So much good stuff!

Ceramics

They created so much work this week!
After the first day the shelves were full of work! They made wind chimes and pinch pots, coil structures and test tiles!

Comics (11-12)

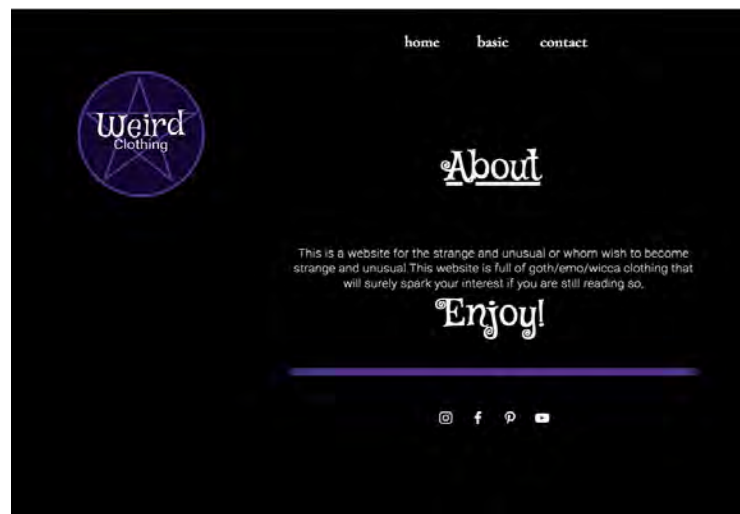

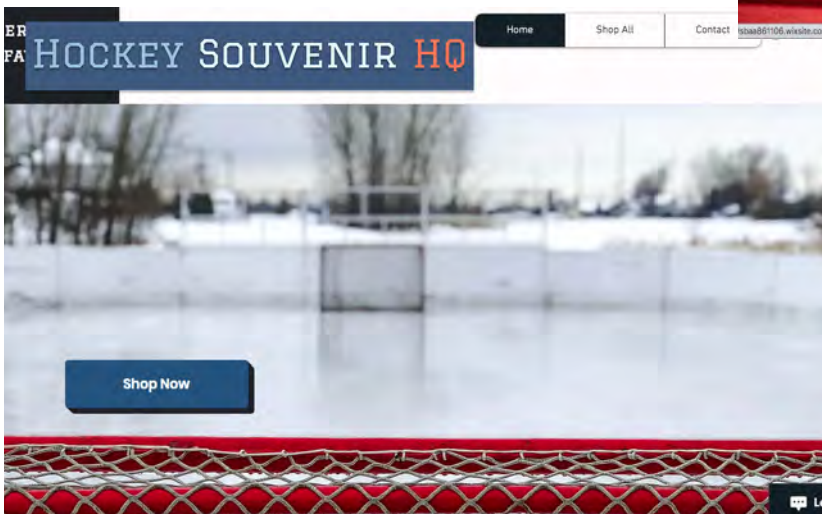

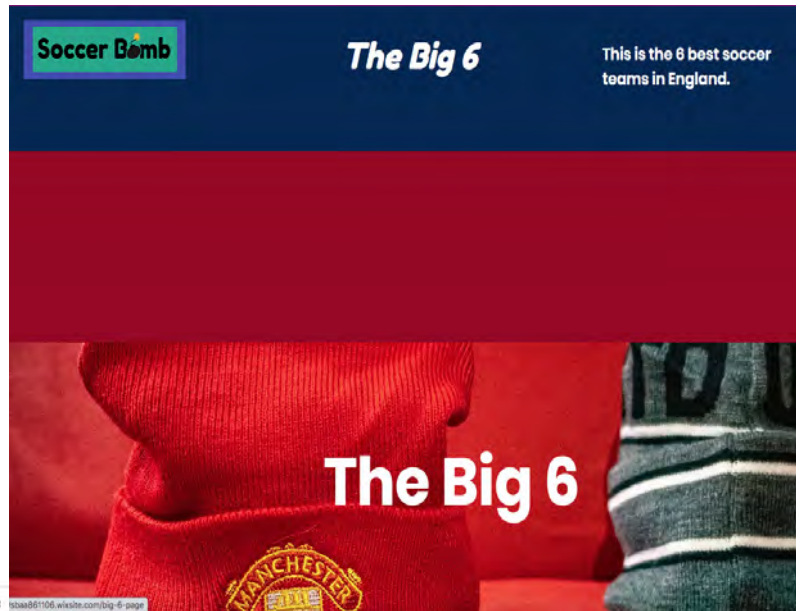

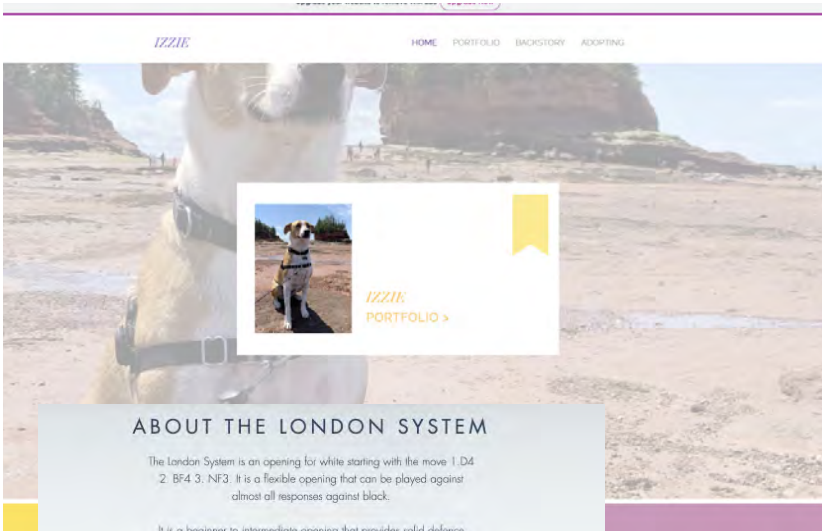

This week Mollie had them working in tons of different ways and mediums. They made storyboards and were really told to work with what made them flourish so some did more collage, some did more ink work, some pencil. Int he down times there was lots of games of pictionary.

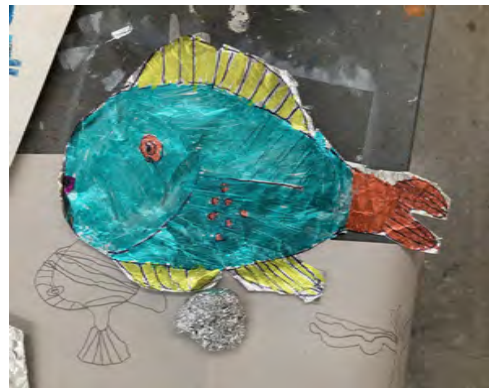

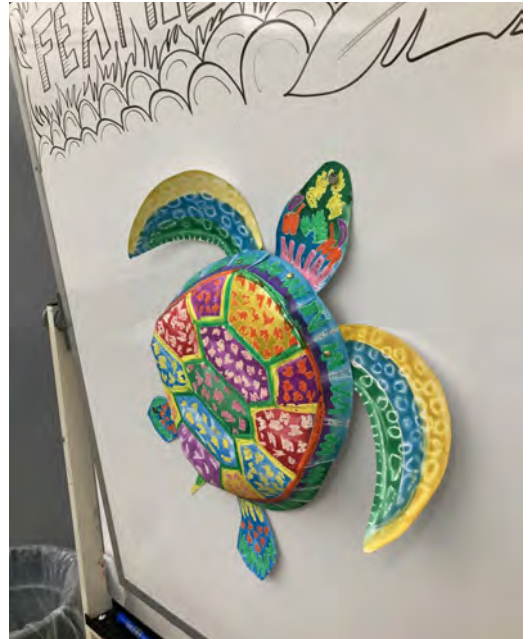

Web Design

make

Feathers, Furs, Skins and Scales

make

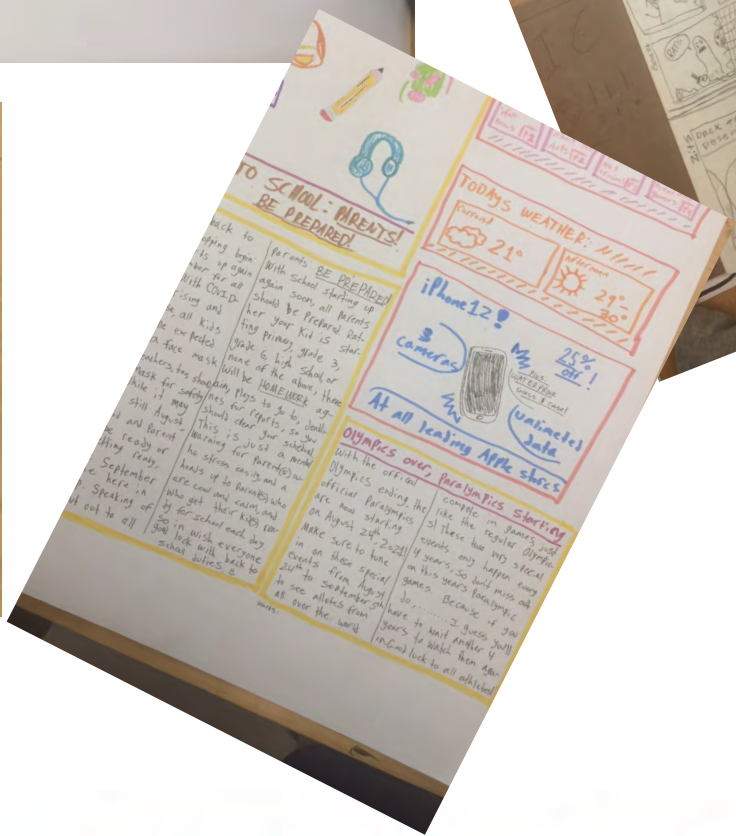

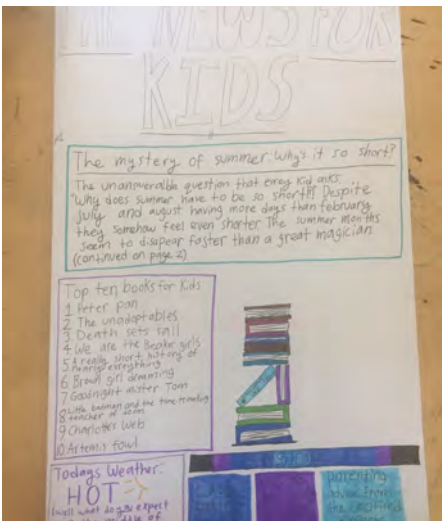

This week they did all sorts of making. There were animal mash-ups, gecko prints, paper scales and 3D sea turtles. The class was full of colour, textures, and lovely diligent campers.

Ceramics

This group of campers were so driven and dedicated. They made A LOT of work and it was all stunning. They learnt a lot of different hand building techniques, texturing styles and everyone got to try throwing on the wheel. It was a lovely group to have at camp and they made some incredible things.

Portraits

Our portrait camp this week was full of some amazingly talented artists. Jack had them work in grey scale and then colour to understand shadow, proportions and how to plan out a portrait. They also worked a lot on still lifes and learnt how to mix different colours to colour match reality.
