

The background is a solid light green color, densely populated with stars of various sizes and colors. The stars are drawn with thick outlines in shades of blue, red, orange, yellow, and green. Some stars are solid colors, while others are just outlines. They are scattered across the entire page, creating a festive and magical atmosphere.

Summer Camp Making Magic

Featuring our
week 1 artists!

The Bee's Knees

5-7 with Laura De Palma

Bees rock and making art about bees rocks even more!
Who knew that bees could be such a great source of artistic inspiration?

Kid Botics

5-7 with Emily Gillies

Our little engineers made things move, wiggle, and light up this week, exploring the connection between art and engineering!

Ceramics

Up in ceramics, we turned lumps of dirt into beautiful works of art and functional wares too!
We're so excited to see how these pieces transform in the kiln!

Lunch Time Magic

Fantasy and Fairytales

8-10 with Brandy Davison and Goldie Vinella

What we come up with in our minds can be made reality, which was proven by our crafty fantasy-enthusiasts! The ingredients for the perfect fairytail were all there. Magic toadstools? Check. Mystical dragons? Check. Parachute time? Double check.

GRADY

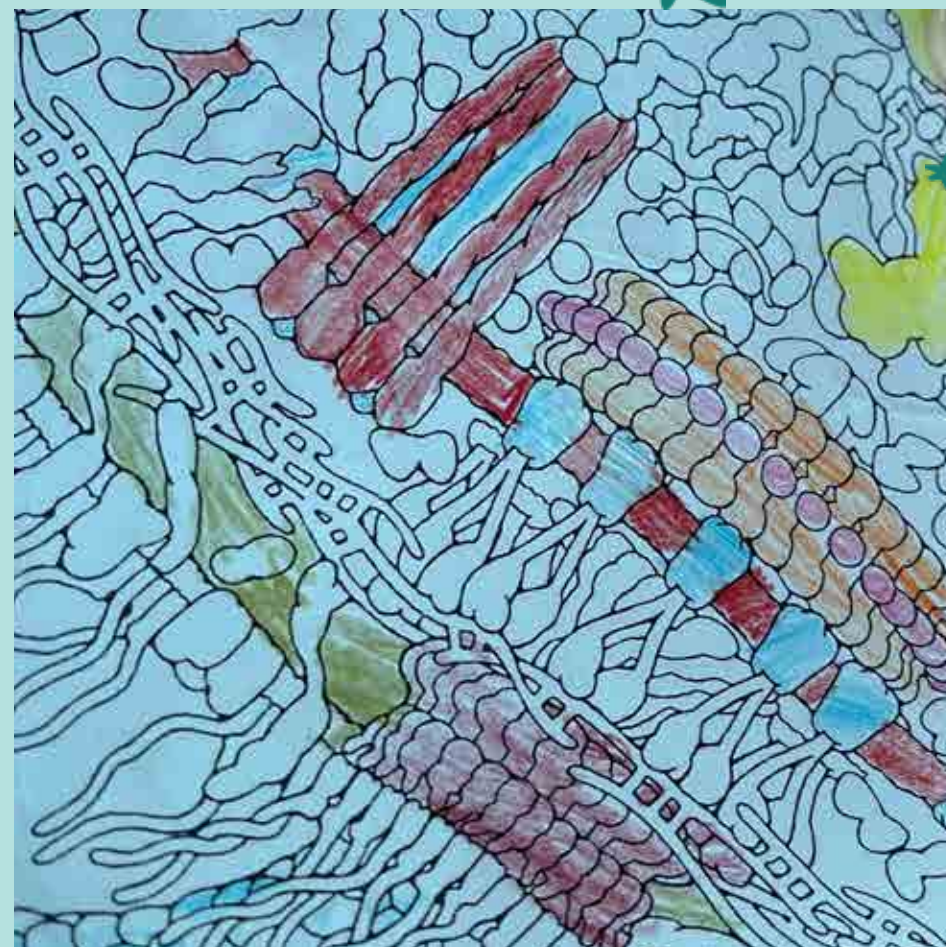

The Art of Writing

10-14 with Linda Hudson

A picture might be worth a thousand words, but sometimes our words can paint a scene we couldn't imagine otherwise.

CZARINA DAVID

Printastic!

Grace / Farlitt / Grace
(^ ^) - Fish

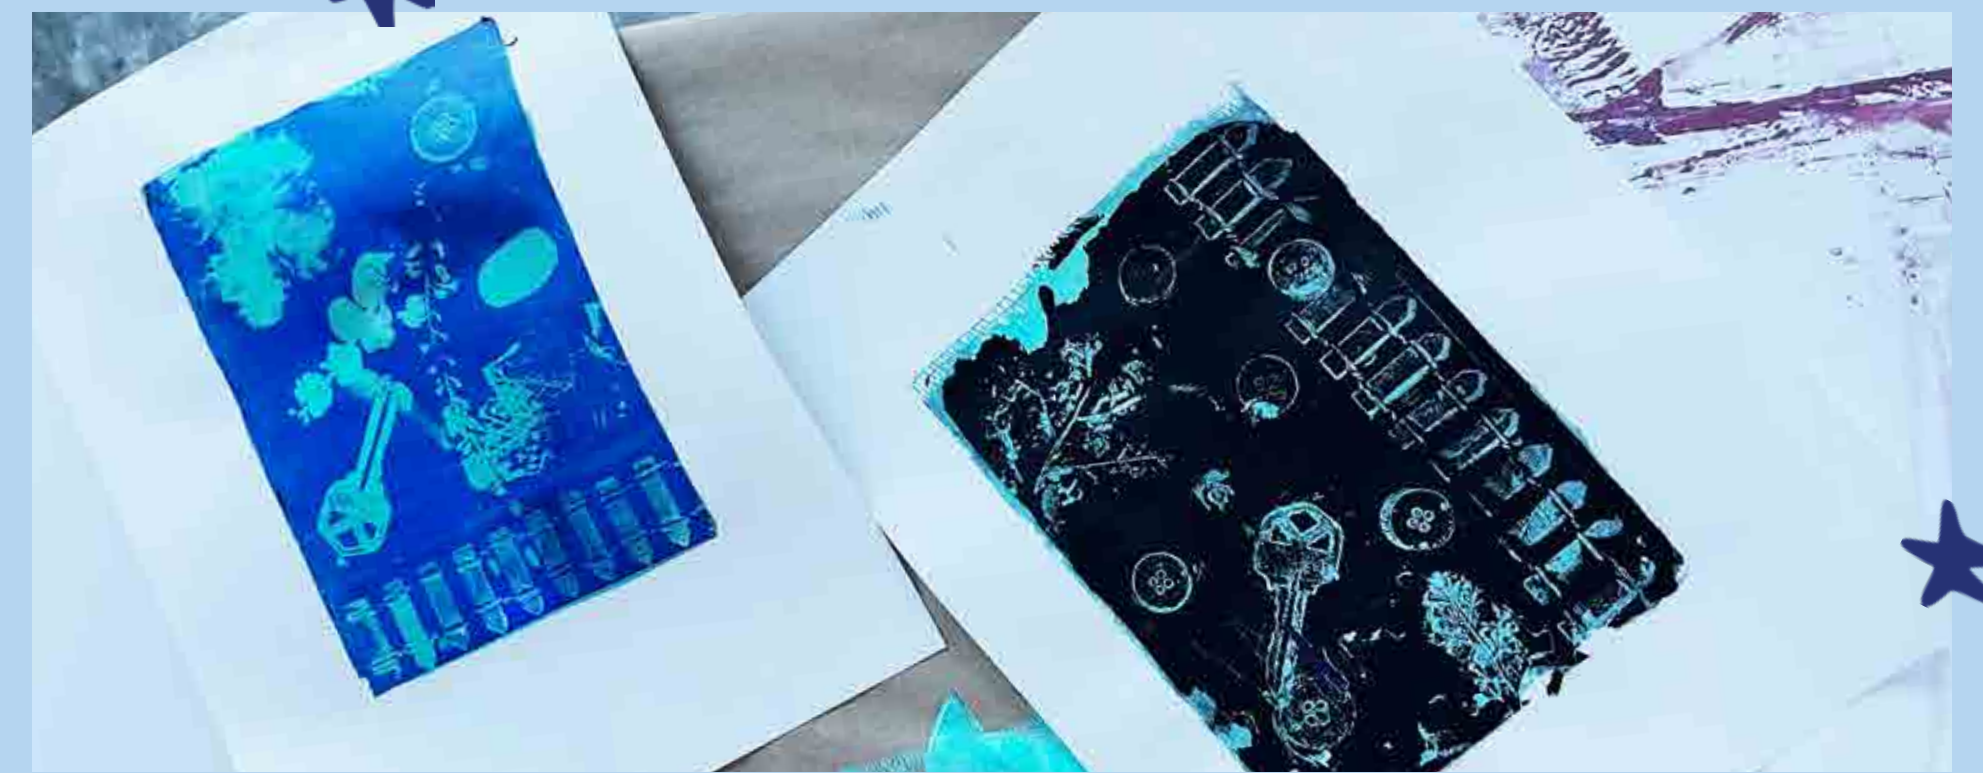

Anna

11-12 with Czarina David

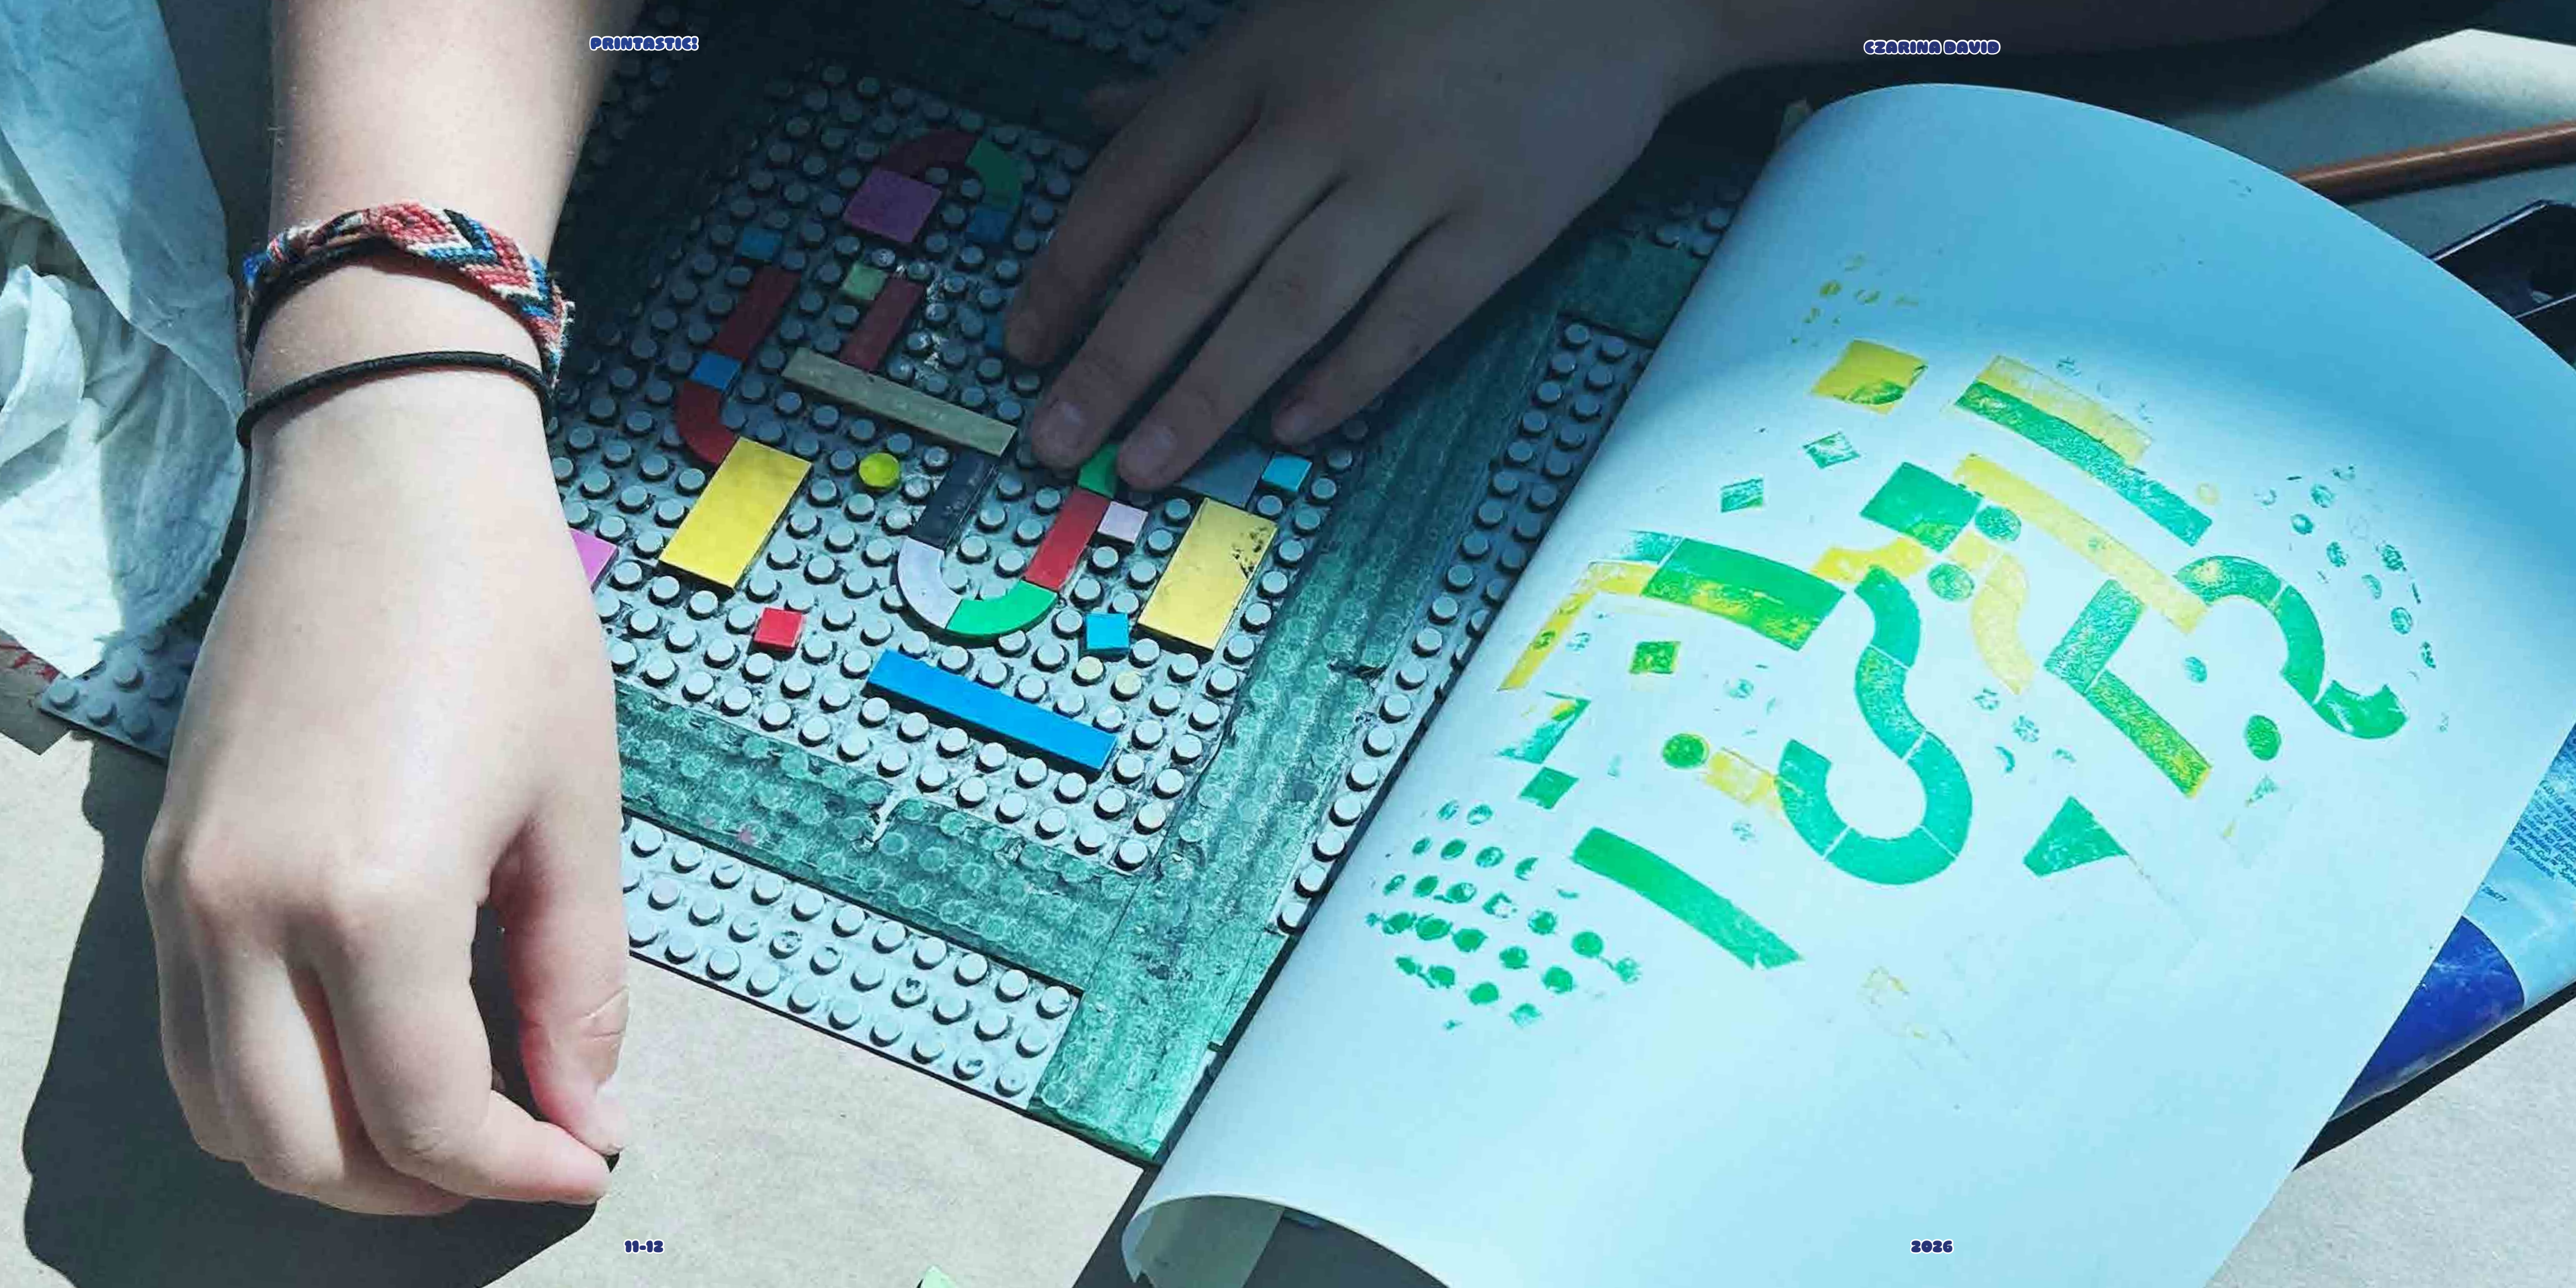

Napoli Uncle Fred

What's better than making one image? Making a print of that image so you can have a million more. Our printers etched, carved, inked and (of course) printed their way through a plethora of printing processes to make their many amazing editions.

Tote-Tastic!

13+ with Ivan Flores

Believe it or not, this textiles camp was the noisiest bunch this week. Our tataki zome project sounded through the halls as we hammered our plants to discover how we could print our fabric with them. We also made some awesome totes.
