

The background is a solid light green color, densely populated with stars of various sizes and colors. The stars are drawn with thick outlines in shades of blue, red, orange, yellow, and green. Some stars are solid colors, while others are just outlines. They are scattered across the entire page, creating a festive and magical atmosphere.

Lunch Time Magic

Ceramics

11-12 with Cameryn Mattie

Lidded vessels and creatures and tiles, oh my! This week, we delved into this 30,000 year-old practice to make some fresh clay works of art.

Botanical Sketchbooks

11-12 with Lisa MacPherson

Plants can make the most beautiful inspiration for colour, form, and composition, which is exactly what our botanical artists learned this week. Sketchbook in hand, they were ready for anything nature threw at them.

Drag 101

13+ with Saturn

Drag is more than just an art form: it's a living, breathing practice of queer joy and liberation. Our drag artists learned how to create their drag persona this week, culminating in an iconic video cover of Rocky Horror's Time Warp!
